

Residential Study Group (RSG)
April 10, 2017
9:00 a.m. – 10:00 a.m.
Arlington Town Hall, First Floor Conference Room
MEETING SUMMARY

Attendees: Steve McKenna, Town Manager appointee; Pasi Miettinen, Town Manager appointee; Pasi Miettien, Town Manager appointee; Wynelle Evans, Town Manager appointee; Andrew Bunnell, Redevelopment Board; Jenny Raitt, Planning and Community Development; Jonathan Nyberg, industry rep; Bill Copithorne, industry representative; Mike Byrne, Inspectional Services; Town Meeting Member; Janice Weber, Town Meeting Member; Liz Pyle, Town Meeting Member.

Jenny opened the meeting. The group made introductions.

The group debrief the 4/6 public forum. All were appreciative of Jenny's opening/ intro to group work/ and keeping meeting on track, Liz, Steve, Wynelle, and Bill's presentations of articles. The movie was great, but awkward to operate during the meeting. We need to just show existing versus proposed. The group discussed additional changes to the presentation for Town Meeting, including photos, revised graphics and plans. Jenny will clarify a number of questions that were raised about the vegetated buffer and information about relationship of noise bylaws (leaf blowers versus construction noise). The group discussed other questions and issues that were raised at the forum. Overall, there was a feeling that it was a positive forum with a good turnout.

Liz will be attending the 10 and 12 precinct meeting on 4/23. The group was asked to be on the lookout for other precinct meetings.

The group will set the next full meeting date after Town Meeting.
